Product Description

Product Description:

Reusable Plastic Tote Bags are made from recycled and recyclable plastic materials, making them a great eco-friendly choice. These bags come in a classic tote shape and feature an optional strap for easy carrying. They can also be printed with custom logos or designs, making them a great choice for businesses looking to promote their brand. Although these bags are not insulated, they are still a great choice for carrying groceries or other items that need to be kept cool. By choosing these reusable plastic tote bags, you are helping reduce your carbon footprint and promoting sustainability.

Applications:

Reusable Plastic Tote Bags are perfect for a wide range of applications. This CPE printing environmental protection rope bag is an excellent choice for shopping, carrying books, and other activities. It has a convenient closure, making sure that the bag is securely closed when you need it to be. The plastic material is strong and durable, and the bag has a tote shape with an optional strap. The handle makes it easier to carry the bag around. It is also eco-friendly, as it can be reused and recycled.

This bag is perfect for anyone who cares about the environment. Its reusable and recyclable features make it a great choice for those who want to reduce their plastic use. Not only does it help reduce plastic waste, but it also looks stylish and fashionable. It's an ideal choice for anyone who wants to stay up-to-date with the latest trends while being environmentally conscious.

These Reusable Plastic Tote Bags from CPE printing are an excellent choice for anyone who wants to go green and reduce their plastic use. With its strong and durable plastic material, convenient closure, and stylish tote shape, it's the perfect bag for all your needs.

Packing and Shipping:

Packaging and Shipping

Reusable Plastic Tote Bags are shipped in plastic bags or cardboard boxes depending on the size, weight and quantity of the order. The bags are sealed in plastic to avoid any damage or contamination.
For orders of multiple tote bags, the bags are placed in individual boxes for protection and easy transportation. The boxes are then placed in a larger box or crate for shipping. All boxes are labeled with the item and order number.
Smaller orders of tote bags are shipped in padded envelopes or corrugated cardboard boxes. The items are wrapped in bubble wrap or tissue paper to protect them from damage and contamination.
