

Various Closure Tearproof Biodegradable Bags for Durable Packaging and Environmentally Friendly Industrial Applications

Our Product Introduction

Basic Information

- Brand Name: Zipper Composite Plastic Bag Customizable
- Model Number: Customizable

Product Specification

- Recyclability: Depends On Composite Materials Used; Some Are Recyclable
- Seal: Various Seal Options
- Type: Ziplock Bag
- Oem: Accpect
- Surface Handling: Glossy/Matte Lamination
- Material Stucture: PET+AL+PE
- Item: Resealable Aluminum Foil Packaging Bags
- Benefits: Blocks UV Rays
- Highlight: **tearproof biodegradable packaging bags, durable composite plastic bags, eco-friendly industrial packaging bags**

Product Description

Various Closure Tearproof Biodegradable Bags for Durable Packaging and Environmentally Friendly Industrial Applications

Product Description

The Composite Plastic Bag is a versatile and high-quality packaging solution designed to meet the diverse needs of various industries, particularly in the clothing and textile sectors. Engineered with precision and care, this product excels in providing secure storage and protection for items such as clothing, underwear, and children's clothing.

One of the standout features is its resealable aluminum foil construction, combining durability with a smooth finish for a professional appearance. The aluminum foil layer provides excellent barrier properties against moisture, air, and contaminants, keeping contents fresh and protected. Customization options allow tailoring bags to specific branding and size requirements, including dimensions, color schemes, and logo placement. Various closure and seal options are available, from zip locks to heat seals, ensuring secure packaging that can be opened multiple times without compromising contents.

The smooth surface facilitates easy printing and labeling for custom designs and product information. Samples are available for evaluation before larger orders, allowing assessment of material quality and functionality.

Features

- Product Name: Composite Plastic Bag
- Type: Ziplock Bag with Various Closure options
- Material Structure: Durable PET+AL+PE layers for enhanced protection
- Item: Resealable Aluminum Foil Packaging Bags
- OEM: Accept custom orders and designs
- Features a smooth zipper for easy opening and closing
- Zipper Composite Plastic Bag ensures secure and airtight sealing
- Made from high-quality Composite Plastic materials for strength and durability

Technical Parameters

Item	Resealable Aluminum Foil Packaging Bags
Type	Ziplock Bag
Material Structure	PET+AL+PE
Recyclability	Depends On Composite Materials Used; Some Are Recyclable
Surface Handling	Glossy/Matte Lamination
Temperature Resistance	Can Withstand Temperatures From -40°C To 80°C; High Temperature Resistance
Water Resistance	Yes
Sample	Available
OEM	Accept

Applications

The Zipper Composite Plastic Bag is exceptionally versatile for various applications:

- Food Industry:** Ideal for snacks, dried fruits, nuts, coffee, and tea with water-resistant, airtight closure
- Cosmetics:** Perfect for face masks, bath salts, and beauty accessories with high-quality printing surface
- Healthcare:** Protects medical supplies and supplements from contamination and moisture
- Household & Electronics:** Organizes small items with secure, resealable convenience

Samples are available to test quality and suitability before bulk orders, making these bags an indispensable packaging solution across industries.
