Basic Information

- Brand Name: Zipper Composite Plastic Bag Customizable
- Model Number: Customizable

Product Specification

- Recyclability: Depends On Composite Materials Used;
Some Are Recyclable
- Type: Ziplock Bag
- Water Resistance: Yes
- Sample: Available
- Temperature Resistance: High Temperature Resistance
- Material Structure: PET+AL+PE
- Printing Method: Various Printing Method
- Seal: Various Seal Options
- Highlight: **composite plastic resealable food bags,
aluminum foil packaging bags temperature
resistant**

**resealable food bags with temperature
resistance**

Product Description

OEM Composite Plastic Bag Resealable Aluminum Foil Packaging Bags

Product Description

The Composite Plastic Bag is an innovative packaging solution designed to meet the diverse needs of modern consumers and businesses. Crafted from high-quality composite plastic materials, this bag offers exceptional durability and versatility, making it an ideal choice for packaging a wide range of products.

Key benefits:

- Tearproof construction ensures contents remain secure during handling, shipping, and storage
- Biodegradable material reduces environmental impact
- Fully customizable with various size, design, and sealing options
- Available with glossy or matte lamination finishes for different aesthetic preferences
- Aluminum foil layer provides excellent barrier against moisture, oxygen, and light
- Temperature resistance from -40°C to 80°C for versatile storage conditions

Features

- Product Name:** Composite Plastic Bag
- Temperature Resistance:** High temperature resistance (-40°C to 80°C)
- Material Structure:** PET+AL+PE for enhanced strength and protection
- Type:** Ziplock bag for easy and secure resealing
- Closure:** Various closure options available
- Surface:** Smooth surface for professional appearance
- User Experience:** Smooth sealing and opening for convenience

Technical Parameters

Item	Specification
Type	Ziplock Bag
Material Structure	PET+AL+PE
Temperature Resistance	-40°C to 80°C
Water Resistance	Yes
Closure	Various options
Seal	Various options
OEM	Accepted
Sample	Available
Benefits	Blocks UV rays, tearproof, biodegradable
Origin	Guangdong, China
Product Keyword	Zipper Composite Plastic Bag

Applications

The Zipper Composite Plastic Bag is a versatile packaging solution suitable for numerous applications:

- Food Industry:** Ideal for perishable items, snacks, dried fruits, and frozen goods
- Pharmaceutical:** Suitable for medicines and medical devices requiring temperature protection
- Electronics:** Protects sensitive components from dust, moisture, and static

Retail: Perfect for clothing, underwear, and children's clothing packaging

Home/Office: Excellent for storage and organization

Cosmetics: Protective packaging for personal care items

Agriculture: Effective for seed storage
