

Various Seal Options Smooth Water Resistant Components Built to Withstand Harsh Conditions and Maintain Effective Sealing

Our Product Introduction

Basic Information

- Brand Name: Zipper Composite Plastic Bag Customizable
- Model Number: Customizable

Product Specification

- Sample: Available
- Item: Resealable Aluminum Foil Packaging Bags
- Oem: Accept
- Surface Handling: Glossy/Matte Lamination
- Water Resistance: Yes
- Material Structure: PET+AL+PE
- Use: Clothing, Underwear, Children's Clothing
- Temperature resistance: Can Withstand Temperatures From -40°C To 80°C
- Highlight: **water resistant composite plastic bag, harsh condition seal components, durable sealing plastic bag**

Product Description

Zipper Composite Plastic Bag

Product Description

The Zipper Composite Plastic Bag is an innovative packaging solution designed to meet the diverse needs of various industries. Crafted from a high-quality material structure consisting of PET, AL, and PE layers, this composite plastic bag offers exceptional durability, flexibility, and protection.

Its unique combination of materials ensures that the bag can effectively safeguard its contents from external factors such as moisture, oxygen, and light, making it an ideal choice for packaging sensitive goods.

One of the standout features is its impressive temperature resistance, engineered to withstand a wide temperature range from **-40°C to 80°C**, making it suitable for both freezing and moderately high-temperature environments.

Key Features

- Product Name: Composite Plastic Bag
- Recyclability: Depends On Composite Materials Used; Some Are Recyclable
- Printing Method: Various Printing Method Available for Custom Designs
- Item Type: Resealable Aluminum Foil Packaging Bags
- Temperature Resistance: Can Withstand Temperatures From -40°C To 80°C
- Benefits: Blocks UV Rays to Protect Contents
- Surface: Smooth Finish for a Premium Look and Feel
- Manufactured in Guangdong, China

Technical Parameters

Parameter	Details
Sample	Available
Printing Method	Various Printing Method
Benefits	Blocks UV Rays, Tearproof, Biodegradable
Water Resistance	Yes
OEM	Accept
Use	Clothing, Underwear, Children's Clothing
Item	Resealable Aluminum Foil Packaging Bags
Closure	Various Closure
Type	Ziplock Bag
Surface Handling	Glossy/Matte Lamination
Material	Composite Plastic
Origin	Guangdong, China

Applications

The Zipper Composite Plastic Bag is an exceptionally versatile packaging solution designed for a wide range of applications:

- Food Industry:** Ideal for packaging snacks, dried fruits, nuts, and other perishable items with UV protection and temperature resistance
- Retail & Commercial:** Professional appearance with customizable branding options for various products
- Household Use:** Perfect for storing craft supplies, hardware parts, or travel essentials
- Industrial Applications:** Suitable for electronics accessories and small hardware components

Manufactured in Guangdong, China, these bags meet high-quality production standards and offer reliable packaging solutions for diverse needs across multiple industries.
